MILWAUKEE.
THE subscribers offer to the Wool Growers and Dealers of Wisconsin, their services as
Wool Brokers and Commission Merchants.
We will make liberal Cash advances on Wool to be sold in this market, or by our Agents in Buffalo, New York, or Boston; and hold ourselves ready to cash all sales made by us or our agents when desired.
The long experience of one of our firm in the Wool Trade in New England, and our extensive acquaintance among the manufacturers at the East, will warrant us in promising to offer our Wool directly to the consumers, thereby saving to the Grower all intermediate profits.
The advantages to be derived from this system by the Growers are apparent, without comment.

JUNE, 1851.
GREAT Northern and Eastern Steamboat and Railroad Route between St. Louis, Cincinnati, Chicago, Detroit, Sandusky, Cleveland, Buffalo, Niagara Falls, Hamilton, Toronto, Kingston, Rochester, and Ogdensburgh, via the Mail Steamers on Lake Ontario, and the
Ogdensburgh & Vermont Central Railroad.
ONE DAY FROM OGDENSBURGH TO BOSTON.
The Splendid U. S. Mail steamers on Lake Ontario, leave Lewiston twice each day, on the arrival of the cars from Buffalo and Niagara Falls, and arrive at Ogdensburgh in time for the 10 A. M. Mail Train, which reaches Rouse's Point at 3 p. m. Passengers dine at Rouse's Point, and take the Cars of the VERMONT CENTRAL RAILROAD at 3.15 p. m., reach Northfield at 8 p. m. to lodge, and arrive at Boston at 1 p. m. the next, and in New York via Connecticut River Valley after the 22d instant, in the afternoon of that day.
The second boat leaving Lewiston on the arrival of the Cars from Buffalo and Niagara Falls, reaches Ogdensburgh in time for the 8 p. m. Express Train, which reaches Rouse's Point the same night. Passengers lodge at the Point, and after breakfast, take the Vermont Central Cars at 8.15 a. m., dine at Northfield, and reach Boston at 8 p. m., (and after the 22d inst.) New York on the succeeding morning, via the Connecticut Valley.
This route affords an opportunity of viewing the beautiful Mountain Scenery in New Hampshire and Vermont, the Thousand Islands on the River St. Lawrence, and the Great Suspension Bridge over Niagara River, and is the best route to the White Mountains of New Hampshire.
No charge for transfer of baggage from railroad to steamboats, or boats to railroad, at any point on this route.
Meals and Berths on Lake Ontario included in the Fare.
Through Tickets may be had on the American Mail Steamers on Lake Ontario, and at the Railroad Station, Ogdensburgh; also of

THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.
Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.
The following are among the advantages offered by this Institution:—
The Guarantee of a large capital securely invested.
The peculiar Benefits secured by the principle of the Loan Department.
The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.
Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.
Part of the Capital is permanently and securely invested in the United States.
Wives may insure the lives of their husbands for their own and the benefit of their children.
The assent of the society is not necessary to a transfer of the Policy.
For all practical purposes, this Agency is virtually an American Company, strengthened by a large available Capital safely invested in London equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any dispute should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.
Medical Examiners fees are paid by the Society.

Mutual Life Insurance Company
OF
NEW YORK.
ACCUMULATED FUND $1,000,439.62!
THIS Company has an accumulated fund of $1,000,439.62 invested on Bonds and Mortgages in the cities of New York and Brooklyn, and the Stocks of the State and City of New York, and of the United States.
STATEMENT OF AFFAIRS FOR THE YEAR ENDING JANUARY 31, 1850.

Nett Assets January 31, 1849, ...	$ 42,673 14	
Nett Receipts in 1849,	76,189 39	
		$1,118,862 53
Losses paid in 1849, ...	$173,011 73	
Other disbursements do	45,401 18	
		118,422 91
Nett Assets Jan. 31, 1850, ...		$1,000,439 62

Whole number of Policies paid in 1849, ... 1,755
Whole number of outstanding Policies, ... 5,799

The Premium is paid in Cash annually, or may, if desired, be paid semi-annually, or quarterly, by adding interest to the deferred payments. The CASH principle adopted by this Company, secures to the parties for whose protection insurance may be effected, the WHOLE of the benefits, without subjecting them to the heavy drawback of accumulated premium notes.
Persons may effect insurance upon their lives, or upon the lives of others. Married women can insure the lives of their husbands, for THEIR OWN BENEFIT and for the protection of their children.
Pamphlet expositions of the principles of Life Insurance, and tables of rates for all ages, may be had, with form of application, and premium, at the office of the Company, No. 35 Wall street, or from any of its Agents.

MILWAUKEE, WISCONSIN.
E. BUTTERFIELD
(Late Butterfield & Averell's.)
WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; so that those who are not judges of the article, can equal chance with those that are. Every cask will be marked with the price.
My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders from New York on still more favorable terms than formerly.
Having been three years in business in this city, I flatter myself that my selections will meet the wants of the trade. My assortment of CHOICE SEGARS are complete, and my stock of LIQUORS comprises over 1000 original Casks of the most approved brands of
Brandy, Gin, Rum, Wines, &c.
The following may be found among my stock:—
BRANDY.
Otard, Dupuy & Co; Pinet, Castellan & Co; James Hennessy; A. Signette; St. Vincent; United Proprietors; J. S. Dupuy, &c.
GIN.
Meader, Swan, Stag, Bells, Bell, Imperial, Wolf.
RUM.
Granada, St. Croix, Jamaica, New England.
WINES,
SHERRY.

I deny that any person ever saw or heard of such a machine at that time as I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as it has. In reply to the above [illegible], and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

THE BANK QUESTION.

[illegible] that the main question [illegible] in the coming election, is Bank [illegible] We deny that such is the issue, or that it makes one particle of difference, so far as the question is concerned, which of the two candidates [illegible] elected Governor. The authorizing of [illegible] Banking is to be determined at the [illegible] by a vote of the people, [illegible] regard to party. If the vote [illegible] of Banks, it becomes the duty of the [illegible] to pass a sound Banking system, if such [illegible] be devised, which would be [illegible] by Mr. Upham just as soon as by Mr. Farwell. [illegible] of Wednesday.

We [illegible] the People of this State against the [illegible] attempts of a few party leaders and [illegible] at the Bank issue, [illegible] to be submitted to the tribunal of the Ballot-box. [illegible] claimed by the [illegible] that the decision of the People, if [illegible] Banks, is binding upon the Legislature. Notwithstanding that vote, the Legislature [illegible] refuse to pass any law on the subject. The vote of the People is permissory only. If, coupled with that vote, a majority of anti-Bank men should be elected to the Legislature, [illegible] render the popular expression [illegible]. We appeal then, to the electors [illegible] to say whether the Bank question is [illegible] "the main issue" in the coming election. We submit to them whether it is safe, whether it is wise, whether it is just, to elect [illegible] of doubtful or hostile views to the Executive [illegible] Legislature.

[illegible] Farwell is openly, strongly and steadfastly [illegible] a sound Banking system for Wisconsin, and will, if elected, use all his influence to secure the adoption of such a measure. Mr. Upham is [illegible] opposed to all Banks and Bank paper, under $20, in this state. The relative position of the opposing candidates for Governor on the Bank question, is nowhere denied—[illegible] think you, would the question be [illegible] in those of D. A. J. Upham, [illegible] of L. J. Farwell, the declared friend of Banks? Friends of a Sound Banking system for Wisconsin! Answer this query at the polls!

☞ The whigs of Racine have nominated A. P. Dickey as a candidate for the Assembly.

W. L. Utley, Esq., the able and faithful representative of last year, has been renominated by [illegible]—[Madison Argus.

Here is "light" at last! We have been steadily at work, for some time past, to find out which of the two parties, claiming to be "the democracy" [illegible] "old Doctor Townsend's" [illegible] the Argus, the recognized party oracle [illegible] our State, has helped us to a solution of the [illegible] problem. It endorses Mr. Upham, the [illegible] of the Free Soilers, as all right, and [illegible] proclaims him the candidate of "the Democracy." This being the case, it becomes apparent that our neighbors of the Wisconsin and Commercial are Bolters and Schismatics, and the best thing they can do, to make amends for these irregularities, is to strike their false colors and run up the "true democratic" flag at once.

[illegible]—The Wisconsin declines to specify the "Red Republicanism" which shocked [illegible] in an article of Tuesday last [illegible] it cannot, or dare not point [illegible] particular sentiments which it thought [illegible] national democrat could [illegible]. It attempts a new dodge, however, and says:

"The Sentinel goes still farther, and makes a genuine Red Republican appeal to mechanics, telling them that they are abused and underrated by the leaders of their own party, and that they therefore ought to join the whigs in voting for Mr. Farwell."

This [illegible] is as far from the truth as the other. We have neither preached "Red Republicanism," nor made a Red Republican appeal to Mechanics," or any other class of citizens. We have simply rebuked the insolent and anti-democratic attempt of the Commercial and Wisconsin to set up class distinctions and rule out mechanics from the competition for office.

QUERY.—Will the Commercial and Wisconsin enlighten the community as to the definition of "analytical discrimination," and "analytical law"—two articles in which they insist upon it Mr. Farwell is deficient, in addition to the heinous offence of being a mechanic?

A MODEST DEMOCRAT.—The Locos of the Dodge Centre Assembly district, recently nominated Mr. Hoppack of Rubicon as their candidate. The friends of [illegible], who was the opposing candidate, think him unfairly treated, and will bring [illegible] the people for their suffrages.

FIRE ANNIHILATOR.—An unsuccessful experiment with the Annihilator, was made in N. Y., on the 13th. Supposed to have been mismanagement.

UNGRATEFUL.

A few days since, the New York *Tribune*, one of the very ablest Whig papers in our country, in the course of some remarks on the late German Convention at Watertown in this State, took occasion to say:

"The Germans are essentially a reading and reflecting people. They cannot always be ruled by mere names. They are now inquiring, conferring, discussing, and refuse longer to be led blindfold as they have been. * * * *

These Germans call themselves "Democrats," and doubtless are so. They justify their claim to the appellation, not by swallowing whatever they are told is Democratic, but by meeting and discussing, through successive days, the various questions of Public Policy now prominently before the country, and coming to a decision upon each, according as their unbiased convictions pronounce most conducive to the Public Good.

The *Commercial* of this city, animated by the brilliant success of its attempt to proscribe the Mechanics of Wisconsin from all aspirations to office, now takes a new tack, and proposes to conciliate the Germans, and ensure their ready obedience to its behests. We do not doubt that the movement will meet with all the success that it deserves.

The Germans of Wisconsin have always listened willingly to the deceitful whisperings of that party which calls itself the "democracy," believing that they were listening to their friends.—What sort of a return do they receive for it?—Why, look at the above plain, straight forward statement, from a leading Whig paper, as to the conduct and character of the Germans, and then read the following emphatic and explicit comment of the *Commercial*:

With a single exception, referring to the Germans being a reading people, *there is not a sentence in the above two paragraphs that conveys a just idea* of the actual political condition of the Germans of Wisconsin.

That is, if words mean anything, as if the *Commercial* had said—"the Germans are *not* a reflecting people—they *can* be always be ruled by mere names—they are ready to be led blindfold as they have been—they are *not* democrats, but they swallow whatever they are told is democratic."

Such, then, is the opinion of the chief fugleman of the Hunker "democracy," of the Germans of Wisconsin! We are looking, with interest, for its next proscriptive decree. Who are to be the next victims, now that the Mechanics and the Germans are done for?

THE "DEMOCRATIC STANDARD."—This is the name of a very handsome paper, just commenced at Janesville, in this state, by JOHN MITCHELL, a proprietor, and GEORGE W. CRABB as editor.

It is decidedly Free Soil in its tendencies,—looks with regret on the demolition of the platform of 1849,—condemns without reservation the Fugitive Slave Law—thinks that all political parties ought to resolve against its "grievous wrong and despotism"—reserves the right of judging of the probity of the party candidates—is "not bound to support a party when it violates its acknowledged principles, or attempts to foist upon its men or measures repulsive to our conscience or our common sense,"—thinks that disaster would inevitably follow the nomination of Cass—that the fact that "Mr WALKER's name should be mentioned for the Presidency, is a disgrace to the nation, and trusts there are not fools enough in the country to form a corporal's guard in his favor"—and *goes the regular Madison Loco ticket*.

Having so much work to do in making all these things consist with each other, we are compelled to sympathize with our new contemporaries, while we welcome their neat sheet to our list and wish them all manner of success personally and pecuniarly.

A RELIABLE ORGAN!—The Madison *Argus* thus contrasts the two candidates for Governor:

How ridiculous, then, to pretend that he (FARWELL) is a "mechanic" or "farmer!" Who ever saw or heard of his working as either? His eminent social qualities justly entitle him to esteem; but he must *laugh at such a pretence*. Upham is equally esteemed for social qualities; but he lacks overgrown wealth. *Beginning at the printing case*, he has by great diligence, secured only a moderate competence.

The falsehood, in regard to both candidates, is transparent. Mr. UPHAM never worked an hour "at the printing case," and "must laugh at such a pretence." As to Mr. FARWELL, if the editor of the *Argus* will visit Milwaukee we will introduce him to hundreds of good democrats, who both "saw and heard of" LEONARD J. FARWELL working at his trade.

HUNGARIANS IN ILLINOIS.—The Chicago *Journal* says that as it was not deemed prudent for the whole company of Hungarians, lately arrived in that city, to proceed to New Buda this winter, forty of them have taken employment on the railroad, some few miles from town.

They will doubtless find their interest in this course of action, since, apart from the general sympathy felt for them, no man is so readily helped in this country, as he who puts forth earnest endeavors to help himself.

THE FEELING IN DANE COUNTY.—A correspondent of the Madison *Statesman* writes as follows:

Messrs. Editors:—I was conversing the other day with a gentleman who is a Democrat, but who said: "If L. J. Farwell is a candidate for Governor, I shall vote for him," and remarked that there were many more Democrats in Medina who would do the same, and he was sure that Mr. F. would be elected.

Dane County will roll up a tall majority for Mr. FARWELL. The people know and appreciate his worth.

RUNAWAY.—A span of horses, with the pole and fore wheels of a waggon attached, came clattering across Spring street Bridge, at 1 o'clock yesterday, and raced up Wisconsin and down Main streets, like mad. They left the balance of their load, whatever it was, on the West side of Spring street Bridge. We could not learn whence they started, or where they stopped; but judged from their pace, as they passed us, that they were good for a mile or two more, at least.

GIANTS IN THESE DAYS, TOO!—Messrs. COWLES & ROSS invite attention to their well situated, well stocked, and well liked establishment for the sale of gentleman's garments. They not only are prepared for a heavy wholesale and retail business in ready made work, but make garments to order, and Mr. RUSSELL, their cutter, has no superior in the city.

OUR STEAM MARINE.—No less than *seven* fine Ocean Steamers sailed from New York on Saturday last, to different destinations. They were as follows:

Steamship *Baltic*, for Liverpool.
" *Empire City*, for Havana and Chagres.
" *Florida*, for Savannah.
" *Roanoke*, for Norfolk, Petersburg, &c.
" *City of Richmond*, for Richmond.
" *Glasgow*, (prop.) for Glasgow.
" *Southerner*, for Charleston.

WHIG BOLTING.—The Willow River Enquirer, a decided Administration Whig paper, flying the name of Millard Fillmore for President, flatly refuses to sustain the Whig ticket.—*Madison Argus*.

All gammon, Mr. *Argus*. The *Enquirer* is open and active in its support of the Whig ticket, and its labors will tell handsomely up north.

THE NEW YORK DAILY TIMES.—This excellent paper has already attained the large circulation of 11,000 copies, with an average daily increase of some six hundred. This is great success, but not greater than deserved.

THE FRANKING PRIVILEGE.—Within *one month* after the adjournment of Congress, the Indianapolis *Journal* says, over *forty thousand pounds*, or *twenty tons* of mail matter, came to the Post-Office of that town alone, *franked* by Gen Whitcomb.

MILITARY PARADE.—The Milwaukee Dragoons, Riflemen and City Guards were out, in full feather, yesterday, and made a handsome and very attractive show. They do credit to our city.

STEAMER PUT BACK.—The Steamer Washington that left N. Y. for Southampton on the 4th instant, broke some portion of her machinery on the 7th, and returned to N. Y. on Sunday afternoon last.

DANE COUNTY NOMINATIONS.—The whigs of the Northeast Assembly district of Dane Co., have nominated for Representative, RUFUS HOWARD, and mean to elect him.

☞ The Whigs of St. Croix county, at their late County Convention, nominated IRA PARKS as their candidate for Assemblyman.

DANIEL P. PUTNEY, }
vs. } In Admiralty.
THE SLOOP CELESTINE, }

MILLER, Judge.

This vessel was attached by the Marshal, in pursuance of process issued from this Court, upon the libel herein filed, praying a condemnation and sale, to satisfy the demand of this libellant, for materials furnished and work done, in necessary repairs, at the port of Racine, within this District.

The Sheriff of Racine County, without submitting himself to the jurisdiction of this Court, filed his petition in the form of an answer, setting forth, that previous to the service of the process in this case by the Marshal, he had attached and reduced into his possession this vessel, by virtue of an attachment or warrant issued from a Court of this State in the County of Racine, at the suit of one Thomas W. Secor, in pursuance of a law of this State for the collection of debts and demands against boats and vessels navigating the waters thereof. That the several demands of said Secor and of this libellant were contracted within this State; and that both these persons are citizens of this State; and that this vessel was built and is owned within this State. He therefore prayed that this vessel be surrendered into his possession. These facts were conceded by the parties at the trial.

Where, by the local law, a lien is given to material men for supplies, repairs and other necessaries furnished in a home port, it is a well settled doctrine of our maritime jurisprudence, that such lien may be enforced in the admiralty by a suit *in rem*. The lien created by the State law is regarded as in its nature maritime, and is therefore recognized in courts of admiralty and enforced by admiralty process. The principal reason or necessity for such lien is the better security of the material man—and it is a subject of local legislation, induced by local policy, and not absolutely necessary for the consideration of the national courts. The General Smith, 4 Wheat., 438; the St. Jago de Cuba, 9 id., 409; Peyroux *v.* Howard, 7 Peters, 324; The steamboat Orleans *v.* Phebus, 11 id., 175; The Jerusalem, 2 Gall., 345; Davis *v.* a New Brig, Gilp. Rep., 473 to 487; Harper *v.* the new Brig, id., 536.

A lien at common law is a right in one man to retain that which is in his possession belonging to another, till certain demands of him in possession are satisfied. Liens are also created by statute; such as the liens of judgment upon real estate. In maritime law, liens exist independently of possession or statute, and are either actual or constructive. In regard to domestic vessels, the lien of domestic creditors must be created by statute.

The question, whether the law of this State, for the collection of demands against boats and vessels, confers a lien for the debts or demands therein specified, is here properly presented to this court. A similar question has been mooted in this court, and in the courts of other districts, in regard to this law, and similar laws of other States. In the States of New York, Pennsylvania and Maine, local laws exist, creating a lien in favor of material men and mechanics upon domestic vessels. In the statutes of New York and Maine the lien is expressly conferred; by the Pennsylvania statute vessels are made liable and chargeable for materials and work in their construction until they sail or leave port; and these demands must be first paid. Davis *v.* A New Brig, Gilp. Rep., 473 to 487; Harper *v.* A New Brig, id., 536. The statute of this State is more general than any of those statutes. It provides that "every boat or vessel, used in navigating the waters of the State, shall be liable for all debts contracted by the master, owner, agent or consignee thereof on account of supplies furnished for the use of such boat or vessel, on account of work done or services rendered on such boat or vessel, or on account of labor done or materials furnished by mechanics, tradesmen or others in and for building, repairing, fitting out, furnishing or equipping such boat or vessel; for all sums due for wharfage or anchorage of such boat or vessel within the State; for all demands or damages accruing from the non-performance or mal-performance of any contract of affreightment, or any contract touching the transportation of persons or property entered into by the master, owner, agent or consignee of the boat or vessel on which such contract is to be performed; and for all injuries done to persons or property by such boat or vessel."—"Any person having a demand as aforesaid, instead of proceeding for the recovery thereof against the master, owner, agent or consignee of a boat or vessel, may, at his option, institute suit against such boat or vessel by name," by filing in the Clerk's office a complaint against such boat or vessel by name, and obtaining therefrom a warrant commanding the Sheriff to seize the boat or vessel mentioned. Justices of the Peace are also authorized to administer this law in cases within their jurisdiction. This law creates a liability on the part of boats and vessels navigating the waters of the State, to suits for the demands therein stated; and limits those suits to one year after the cause of action shall have accrued.—Neither the term *lien*, nor a term of like import, as *chargeable*, occurs in this statute. The laws of the States referred to create a lien for supplies, but this law extends to demands for damages accruing from the non-performance or mal-performance of contracts of affreightment, and contracts touching the transportation of persons and property, and injuries done to persons or property by a boat or vessel. If the demands of the material man and mechanic were alone provided for, as in these other State laws, it would be right and proper to construe this statute as favorably as possible for their protection; but their demands are in the same category with all the other causes of liability.

It has always been the policy of the courts of this country to discourage secret or uncertain liens as prejudicial to the transfer of property, and to the interests of trade and commerce. Laws creating liens, either upon real estate or personal property, provide for their record, so that the world may be notified of them. There can be no doubt but the design of this statute was to provide additional means for the recovery of the several debts or demands therein specified; but before I should go further and declare all such debts to be liens, I must be thoroughly satisfied, both from the statute itself, and that the Legislature had the power to enact such a statute.

The State laws before alluded to limit the liens to the sailing of the boat or vessel, or to twelve days thereafter; this law limits the commencement of suit to one year after the cause of action shall have accrued. Those laws are correct in policy, and can be administered without prejudice to any one. They are confined to domestic vessels, and domestic creditors, and to contracts on shore. Furnishing materials and doing work on domestic vessels are as notorious as the furnishing materials and performing work in the erection of a building. This law does not stop here, but includes all boats and vessels used in navigating the waters of the State, as well foreign as domestic; and also damages arising upon contracts of affreightment, and for injuries done by such boats or vessels to persons or property without regard to locality. Now, neither the policy of this law, nor of the laws of the country, nor the understanding of the people, nor the interests of trade and commerce, favor a secret or unknown lien upon a boat or vessel for uncertain or unliquidated damages. A foreign boat or vessel may be used in navigating the waters of this State; but can the Legislature of the State create a lien on such boat or vessel before she enters a port of the State?—This statute does not provide for bringing into Court any lien-creditors; nor that any such creditors may intervene for their interests; nor for any notice of the attachment; nor for the sale of the boat or vessel, so as to vest in the purchaser an unincumbered and indefeasible title thereto. It authorizes an order to sell the boat or vessel; which order should be executed and returned in the same manner as executions. And it further provides, that "whenever an order of sale shall be made for the sale of a boat or vessel, with its tackle, apparel and furniture, the sheriff or constable shall have power to sell such part thereof, or such interest therein, as shall be necessary to satisfy the amount of the judgment rendered in favor of the plaintiff and all the costs that may accrue. It is questionable whether the officer is authorized to sell more than an interest in or part of the boat or vessel, under this statute.—It would be preposterous to allege, that under the statute, an officer could sell a boat or vessel, with her tackle, apparel and furniture, worth thousands, upon an order of sale for a comparatively inconsiderable sum; and that such purchaser should hold such boat or vessel clear of all liens. A lien given by the maritime law is preferred to a *bona fide* purchaser without notice, and is even preferred to a claim of forfeiture on the part of the government of the United States. The Bark Chusan 2 Story Rep. 456; The St. Jago de Cuba 9 Wheat. Rep. 409. In the admiralty all persons having demands against boats or vessels, or interested therein, are permitted to intervene for their interests, and are presumed to have notice of the proceeding; for this reason a sale in pursuance of a decree in the admiralty confers upon the purchaser an indefeasible title against the world, discharged of all liens whatsoever. Not so under this statute. A purchaser of a boat or vessel, or of a part of, or of an interest in, a boat or vessel, under this statute, is in no better condition in regard to liens given by the maritime law, than the original owner. The sale of a part, or of an interest in the boat or vessel is inconsistent with a lien on an entire boat or vessel. A lien enforced in the admiralty requires the sale of the entire vessel, not of a part, or of an interest therein.

As liens on vessels cannot be created by the laws of a State in cases of contract or torts, without the territorial limits, the exigencies of commerce required the summary process of the admiralty, in case of steamboats and vessels afloat, or employed in business of commerce and navigation of the lakes. For this reason Congress passed an act extending the jurisdiction of the District Courts of the United States to certain cases upon the lakes, or navigable waters connecting the same. This act was passed February 26, 1845, and confers quasi admiralty jurisdiction upon the Federal Courts of contracts and torts arising in, upon, or concerning steamboats and vessels employed in business of commerce and navigation upon the lakes. This act was passed in pursuance of the power vested in Congress by Sec. 8 of the Constitution of the United States, to regulate commerce with foreign nations and among the several States. The statute of this State, providing for the collection of debts against boats and vessels, was enacted in the year 183[illegible]; and was transferred into the present revised statutes. As Congress had not conferred upon the Federal Courts the jurisdiction contemplated by the Constitution, until the enactment of February, 1845, and as this was a territory, the statute may have been proper until that time, or even until the admission of this State into the Union; but whether it is now operative, or to what extent under the saving clause of the act of Congress of 1845, in regard to foreign vessels navigating the lakes, or demands arising out of the State, is not to be determined at this time, this case not requiring a decision. I merely advert to the point to avoid any misunderstanding of this opinion.—I shall merely remark that, generally where the Constitution of the United States confers powers of legislation upon Congress, State laws become inoperative upon the legislation of Congress on the same subject. And State laws have not extraterritorial operation or effect. The case under consideration is in regard to a domestic vessel and domestic creditors, which are proper subjects of State legislation. It is the duty of the State Legislature to enact Statutes for the control of property belonging to the State, and for the protection of the interests of the citizens of the State. From the examination here given of the present statute, I am well satisfied that it is entirely insufficient for these great purposes. The statute, of itself, does not create lien upon boats and vessels used in navigating the waters of this State, but the first lien or security created or allowed is upon the service of the attachment. Such is the decision, in the District Court of the United States for the Northern District of New York, upon a similar statute of the State of Ohio. The Velocity Law Rep., vol. 3, new series, No. 2. The Globe, vol. 3, new series, No. 10.

It is clear that the State Court had jurisdiction, full and complete, of the proceeding referred to, and that this vessel was rightfully and legally attached by the Sheriff of Racine County before the filing of the libel or the service of the monition in this case. If, as has been shown, the State law had created a lien, whereby this Court can acquire jurisdiction by admiralty process *in rem*, then there would be concurrent jurisdiction in both Courts; and in that case the right to maintain the jurisdiction must attach to that tribunal which first exercises it and takes possession of the thing in litigation. In order to avoid a clashing of jurisdiction this course is indispensible, and has been enforced in the national courts in numerous instances. The authority of the Sheriff to attach, and right to hold, this vessel, by virtue of the process in his hands, cannot be questioned. This vessel was in the custody of the law, and the Marshal had no right to remove it from the possession of the Sheriff. In such cases the Marshal or Sheriff should either retain the process until the first case is disposed of, or should return it not served, on account of a previous attachment or levy, so as to avoid conflict of jurisdiction.—The proceeding in the State Court is in the nature of a suit *in rem*, and the necessary result of such proceeding or suit, is, that the thing in litigation is in the custody of the law. It must necessarily be in the possession or under the control of the Court, and the Court has a right to order it to be taken into the custody of the law. The ship Robert Fulton, Paine's C. C. Rep. 620. Jennings *vs.* Carson, 2 Peters Cond. Rep. 2. Peck *vs.* Jeaness, 7 Howard 612. This, though, is not applicable to the case of the paramount right of a libellant to enforce a maritime lien in preference to an attachment or execution against the owner of a vessel for a simple debt.

The attachment of property, by an officer, presupposes a right to take the possession and custody of that property, and to make such possession and custody conclusive. If the officer attaches upon mesne process, he has a right to hold the possession to answer the exigency of the process. If he levies upon an execution he is bound to sell according to the command of the writ. In Hagan *vs.* Lucas, 10 Peters 400, the Sheriff had levied an execution on personal property, which was subsequently levied on by the Marshal. Mr. Justice McLean in delivering the opinion of the Court, says:—"The first levy, whether it were made under the federal or state authority, withdraws the property from the reach of the process of the other. Under the state jurisdiction, a sheriff having executions in his hands, may levy on the same goods; and where there is no priority on the sale of the goods, the proceeds should be applied in proportion to the sums named in the executions. And where a sheriff has made a levy, and afterwards receives executions against the same defendant, he may appropriate any surplus that shall remain after satisfying the first levy, by the order of the court. But the same rule does not govern, where the executions, as in the present case, issue from different jurisdictions. The marshal may apply moneys, collected under several executions, the same as the sheriff. But this cannot be done as between the marshal and the sheriff. A most injurious conflict of jurisdiction would be likely, often, to arise between the federal and the state courts, if the final process of the one could be levied on property which had been taken by the process of the other. The marshal or the sheriff, as the case may be, by a levy, acquires a special property in the goods, and may maintain an action for them. But if the same goods may be taken in execution at the same time by the marshal and the sheriff, does this special property vest in the one, or the other, or both of them? No such case can exist; property once levied on remains in the custody of the law, and it is not liable to be taken by another execution, in the hands of a different officer, and especially by an officer acting under a different jurisdiction." This opinion is reiterated in Brown *vs.* Clark, 4 Howard 4. In Knox *vs.* Smith 4 Howard 298, the property levied on by the marshal was taken from his possession by the sheriff, upon an injunction and process from a state court, similar in effect to a writ of replevin, at the suit of a third person claiming under a deed of trust. A bill filed in the Chancery side of the United States Court, to set aside the sheriff's levy, was not sustained because there existed a plain remedy at law. The marshal might have brought trespass against the sheriff, or applied to the Court of the United States for an attachment. In Peck *vs.* Jeaness 7 Howard 612, an attachment was issued from the State Court and served, which, according to the laws and practice of the state of New Hampshire, was a lien on the goods attached. The defendants in the attachment afterwards obtained a discharge under the bankrupt law, and their assignee claimed the goods previously attached. Mr. Justice Grier, in the opinion, says: "It is a doctrine of law too long established to require a citation of authorities, that where a court has jurisdiction, it has a right to decide every question, which occurs in the cause, and whether its decision be correct or otherwise, its judgment, till reversed, is regarded as binding in every other court; and, that where the jurisdiction of a court and the right of a plaintiff to prosecute his suit in it, have once attached, that right cannot be arrested or taken away by proceedings in another court. These rules have their foundation not merely in comity but on necessity. For if one may enjoin, the other may retort by injunction, and thus the parties be without remedy; being liable to a process for contempt in one if they dare to proceed in the other. Neither can one take property from the custody of the other by replevin or any other process, for this would produce a conflict extremely embarrassing to the administration of justice.—In the case of Kennedy *vs.* the Earl of Cassilis, Lord Eldon at one time granted an injunction to restrain a party from proceeding in a suit pending in the court of sessions in Scotland, which, on more mature reflection he dissolved; because it was admitted, if the court of chancery could in that way restrain proceedings in an independent foreign tribunal, the court of sessions might equally enjoin the parties from proceeding in chancery, and thus they would be unable to proceed in any court. The fact, therefore, that an injunction issues only to the parties before the court and not to the court, is no evasion of the difficulties, that are the necessary result of an attempt to exercise that power over a party who is a litigant in another and independent forum." The district court was not permitted to oust the state court of its jurisdiction and custody of the property attached. In the case of Slocum *v.* Mayberry, 2 Wheat. 1, (1 Cond. Rep. 1.) replevin was sustained in the state court against a revenue officer, by the owner of goods that were seized without process, and were not such goods as were authorized by law to be seized; as the common law tribunals of the United States were closed by law against such remedies, they being cognizable alone in the admiralty. But in this case and in Gelston *et al.* *v.* Hoyt, 3 Wheat., 246, it is determined that an action will not lie against the seizing officer in any common law tribunal until a final decree is pronounced in the admiralty upon the proceeding *in rem*. In the former case, Marshall, C. J., remarks that—"The judiciary act gives to the federal courts exclusive cognizance of all seizures made on land or water. Any intervention of state authority, which, by taking the thing seized out of the possession of the United States, might obstruct the exercise of this jurisdiction, would unquestionably be a violation of the act; and the federal court having cognizance of the seizure, might enforce a redelivery of the thing, by attachment or other summary process against the parties, who should direct such a possession. The party supposing himself aggrieved by a seizure, cannot, because he considers it tortious, replevy the property out of the seizing officer, or of the court having cognizance of the cause." This being an action which takes the thing itself out of the possession of the officer, could not be maintained in a state court, if, by the act of Congress, it was seized for the purpose of being proceeded against in the federal court." Goods or vessels attached or levied on, in pursuance of process issued from a court of competent jurisdiction, are thereby reduced into the custody of the court for the purpose of being proceeded against in satisfaction of the process, or of the debt or demand of the plaintiff or libellant, and cannot be taken from the possession of the officer making such attachment or levy, upon process emanating from another and different tribunal.

In all cases of concurrent jurisdiction, the court which first has possession of the subject must determine it conclusively, Smith *vs.* McIver 9 Wheat. 532 (5 Cond. Rep. 662.) The party at whose suit property is attached, has a constitutional and legal right to the law of the court issuing the process. The officer legally claims the same, and also the protection of the court in serving its process. If, according to the law of the court issuing the process, the property attached is found to belong to the defendant; the plaintiff claims from that court, through its officer, satisfaction of his demand, out of that property. A court of another government and different jurisdiction cannot interpose between that plaintiff and the property attached, and transfer the legal possession, or vest the legal title in a third person, or assume the exclusive custody or disposition of the property. When a party issues his process and attaches property, he is presumed to know his right to do so, according to the law of the court, in which he becomes a suitor; and that court is bound to dispose of his cause according to its law. But to compel a suitor in one court to follow the property attached into the forum of a different government and there contend for satisfaction of his demand according to its law and rulings, would be a grievance and an abuse not to be tolerated; would create a serious conflict of jurisdiction, which should always be avoided by well regulated courts and all good citizens. Goods and chattels in the possession of a defendant are liable to attachment or levy, and when attached or levied they are in custody of the law, and control of the court; and must there remain either in substance, or by the substitution of a bond or security according to the law and practice of the court, until the subject be conclusively determined.

A court may allow subsequent and additional attachments and levies on the same property by its own officer; and may permit goods attached or levied by one officer to be replevined by another officer, for it still retains control of the several writs, and the custody of the goods, either in kind or by the substitution of a bond in replevin, upon the service of the writ. But this cannot be done by different and independent courts. Either one or the other must have custody of the goods—both courts cannot have it; nor can the officers of both have the possession of them. It is altogether a mistake to suppose, that a party may claim goods in the custody of the law, and transfer them into the custody of another court, on the plea that he has a demand against them, or that they have been wrongfully taken and detained from him. He must submit his case to the consideration of the court having custody of the goods, or wait until a final disposition be made of them, as in the case of conflicting executions. In De Wolf *vs.* Harris, 4 Mason's C. C. Reports 515, replevin was maintained, in the Circuit Court of the United States, against the Marshal for goods seized by him.

A State Court has no authority to enjoin a judgment or execution, or restrain a party in a court of the United States; neither can the United States Court interfere with proceedings or suitors in the State Courts. McKimm *vs.* Voorhees, 7 Cranch 279; 3 Story on the Constitution, §§ 1751, 1752. The United States *vs.* Peters, 5 Cranch 115. McClung *vs.* Silliman, 6 Wheat 598. Exparte Dorr, 3 Howard 103. Diggs and Keith *vs.* Wolcott, 4 Cranch 179. Exparte Cabrera, 1 Wash. C. C. Rep. 232, and many other authorities. Injunctions being specially granted, on consideration of a bill, upon notice and hearing, are not so likely to prejudice a party or embarrass a judicial proceeding, as an attachment, execution or replevin, which are issuable by the clerk upon an affidavit or precipe. Nor may it work so much injustice by merely restraining the action of a party for a time, as the other writs, which in their nature sweep from him his secured lien. Upon the writ of attachment the officer attaches goods and retains them in possession to satisfy the plaintiff's demand, or delivers them to the defendant on his bond. Upon an execution the officer makes sale; upon replevin he delivers the goods to the plaintiff on his giving bond for a return or the value with damages, without any judgment of a court on the question of title or any inquisition by the officer, or writ *de proprietate probanda*. The party or person obtaining possession by process of law has the legal possession. The possession of the party served with the process is transferred to him and the security of the original plaintiff in the goods is gone. Lowry *vs.* Hall, 2 Watts and Sergt. 129, Morris *vs.* De Witt 5 id. 71.

The pendency of a replevin in a State Court to settle the right of property in a vessel is a bar to a libel in the admiralty, to settle the same right between the same parties; not technically a bar as a plea of *lis pendens*, but effectively so to prevent conflict of jurisdiction. Tyler *vs.* The Royal Saxton, Wallace j. C. C. Rep. 311. And an attachment of the debt by the process of a state court, after the commencement of the suit for the recovery of that debt, cannot affect the right of the plaintiff to recover in the suit. Wallace *vs.* McConnell, 13 Peters 136. Campbell *vs.* Emerson, 2 McClean C. C. Rep. 30.

The governments of the United States and of the several States are sovereign and independent within their respective limits as prescribed in their several constitutions. Equally so are the courts of the respective governments independent of each other. One court has no power to supervise, or enjoin, or interfere with the proceedings in the other; excepting where authorized in pursuance of provisions contained in the constitution of the United States; in cases of decisions in state courts against the constitution, or a treaty, or law, or authority, or officer of the United States; and in the removal of causes to the circuit courts or district courts having circuit court powers, by aliens or non-resident defendants, and where citizens of the same state claim lands under a grant from another state.

I have investigated this case sufficiently to satisfy my mind, that this court has no jurisdiction in admiralty; and that if it had, this vessel being previously attached by the Sheriff of Racine County and in the custody of the law, could not be subsequently attached by the Marshal. It is thereupon ordered, that this libel be dismissed, and that the Marshal return this vessel to the possession of the Sheriff of Racine County.

Gold for Labor.

Flour is now down to $3¼ per barrel, at Buffalo, and falling at that, while we have since the 1st of January last sent to Europe *thirty millions* of Gold and Silver, for the purchase of European labor.

Now, why does England so adroitly wish to sell her labor for gold? Is it an advantage to her to do so? We suppose it is, or she would not wish it. Well, if such sale of labor for gold is advantageous to England, then it would be equally so to us. That every farmer can fully understand. The present price of wheat and flour does not pay a fair profit for raising it. What, then, is to be done? The free trade papers tell us that no better market for wheat is to be expected in Europe, unless in years of famine there, and that our gold must go there to pay for labor, annually! They further tell us that it would be very injurious to have all our gold remain in this country, as by giving it to the people, to use, it would destroy the importing business!—And is not that a pretty confession to come from an interest that is doing all it can for the ruin of the country, solely for the gain it will bring to a few Atlantic coast merchants, who never earned anything, and who thus seek to hold the labor of this country in slavery to England?

The same authorities tell us that an agent has just gone to Europe, to sell Railroad stocks, for the completion of Western Railroads. This is to augment our foreign debt, and so mortage our future gold, to pay that. Why this necessity of going to Europe to sell this stock? O, because we have sent to Europe our gold. Thirty millions of it have gone there since the last Newyear's day.—Now, had that gold been kept here, and been paid out for American labor, then this Railroad stock would have been cashed here, and thus no debt to Europe have been created by its sale. But the farmer will note the reason why free trade says the gold must go to Europe—it is because, if left here, and allowed to go into his hands, it would destroy trade! In other words, it would make labor independent of Wall street. This explains the ruinous low price of the farmer's wheat and flour.—[*Buffalo Express*.

PRETTY GOOD.—At the Senatorial Convention held here last week, while the Committee on Credentials were absent, some one handed to the President a *citron*, calling it a "melon." The President humored the Joke, took out his knife, and inquired of the Convention what disposition he should make of the "*melon*." Mr. O. B. Tyler, a *smart* young lawyer, and Delegate from Fond du Lac, rose, and, with a great deal of emphasis, moved that it be "distributed among the *hungry Whigs*," present as spectators. A slight titter by one or two greeted this. After the "*melon*" was cut open and turned up, the seeds were seen to be white; whereupon Coles Bashford, Esq., a Whig spectator present quietly remarked, "Mr. President, the melon appears to be *green*; I move to amend that it be distributed among the Fond du Lac Delegation!" A hearty laugh attested the pithiness of this reply.—*Oshkosh Democrat*.

LOST ON THE LAKES.—On the 1st inst. Capt. Chas. Main of the schooner A. H. Newbould, of Racine, at this port, when nearly off Sheboygan, eight miles out, discovered a fishing boat, containing two men, one of whom was apparently exhausted, and could not as Capt. Main thinks, have survived an hour.

For six hours every effort was made to save the unfortunate men, but, in consequence of the gale, without effect. The men were too weak to grasp the lines that were thrown to them; night closed in; the hapless mariners were lost sight of in the darkness, and were reluctantly left to their fate.—[*Chicago Dem.*

NEW STEAMER.—The new steamer *Berlin*, D. D. Malbourn, Master, christened in honor of our town, is now completed, and will make her maiden trip to this place, the coming week. The arrangement is, to start from Neenah, proceed directly to this place, and take on board all who feel disposed to avail themselves of the opportunity, of a Free ride to Lake Winnebago and back. A bell, the present of our citizens, will be then presented, and we predict the "big gun" will have a voice in the cheer. The *Berlin* is 100 feet long—has a double engine, and is represented as a substantial and beautiful boat.—[*Berlin Mercury*.

THE HUNGARIANS.—Nearly all the Hungarians to the number of about eighty, went out to work upon the railroad yesterday. They appeared to be in good spirits. They mean to earn something for themselves before proceeding to New Buda. Certainly it would have been no small undertaking for them to face the cold of our winter in an unsettled country unprovided with the common necessaries of life. We are glad to see them exhibit a determination to earn a livelihood for themselves, and have no doubt that they will make good citizens.—[*Chicago Democrat*.

THE ACCIDENT TO THE ARCTIC.—The Chicago *Tribune* of Wednesday evening says:

The steamer Arctic succeeded in landing her passengers last evening at New Buffalo, but was not able to take on either passengers or mails. The swell forced her against the dock with so much violence as to start some of the timbers of her bow, occasioning her to leak slightly. She will be put at once on the docks and repaired.

WISTAR'S BALSAM OF WILD CHERRY

Imparts new vigor to vital action, and relieves the system by opening the the pores of the skin, and promoting the secretion of mucuous matter. Its action is sudorific, sedative and expectorant, by opening the pores, allaying irritation, and by rendering the expulsion of mucuous matter easy.

Those who take the Balsam will feel immediate relief from the distressing irritations that accompany affections of the respiratory organs. The pores have been closed, the Balsam opens them. The Lungs suffer from irritation, the irritation is soothed; the pulse is violent and feverish, they are softened, and the mucuous membrane is relieved of its engorgement with rapidity and ease. All by the use of this delightful remedy.

IN calling attention to Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla, we feel confident that we are doing a service to all who may be afflicted with Scrofula, and other disorders originating in hereditary taint or from impurity of the blood. We have known instances within the sphere of our acquaintance where the most formidable distempers have been cured by the use of Dr. Guysott's Extract of Yellow Dock and Sarsaparilla alone.

It is one of the few advertised medicines that cannot be stigmatised with quackery; for the "Yellow Dock," and the "Sarsaparilla" are well known to be the most efficient (and at the same time innoxious) agents in the whole Materia Medica, and by far the best and purest preparation of them is Dr. Guysott's Yellow Dock and Sarsaparilla.

WAUKESHA, Oct. 16,—7 P. M.

The Grand Division Sons of Temperance of the State of Wisconsin assembled at this place last evening. In the absence of the G. W. P. & G. W. A.—P. G. W. P. JOHN B. SMITH of Milwaukee, was chosen, G. W. P., *Pro tem*.

The Grand Division has just completed choice of officers for the ensuing year with the following result:—G. W. P. GEO. HYER, of Waukesha. G. W. A., S. D. HASTINGS, of Geneva. G. S., J. W. HUNT, of Madison. G. T., E. M. HENRY, of Dodgeville. G. Chaplain, J. H. DOWNEY, of Vienna. G. C., W. E. BASSET of Milwaukee. G. S., C. W. Griffith of Watertown.

The delegates in attendance number about one hundred and could the State of Wisconsin assemble a body as temperate, as patriotic and intelligent, we venture to add, as intelligent a set of men in her Representative Hall at Madison, she might well be proud of them. L.

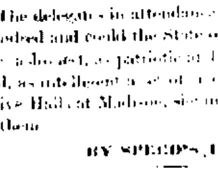
ARRIVAL OF THE STEAMSHIP



AMERICA.

HALIFAX, Oct. 15.

The steamship *America* from Liverpool, with dates to the 4th inst., arrived this day at 6 P. M. She brings 104 passengers.

The *Franklin* arrived at Southampton on the evening of the 2nd instant.

A large business was doing. Floating cargoes of Indian Corn had advanced. Beef and Pork in better request, but prices were unchanged. No transactions reported in American rice. The state of trade in Manchester was flat and prices for good yarns lower.

London money and stock markets are inactive, and with slight advance in English funds.

News from the Continent of little importance. Public mind in England concentrates upon the approaching close of the Exhibition. The Awards were to be made on the 15th instant.

News which continue to arrive from Australia, confirms the previous reports in regard to the extent and richness of the Gold Mines.

Great excitement in Liverpool in consequence of the arrest of Mr. Whalson, editor of the Liverpool *Journal*, by a County Judge, for a fancied insult. The Judge ordered his immediate arrest without issuing a warrant, which however he was subsequently compelled to do.

The seamen belonging to the American ship *Columbia* had mutinied at Liverpool. They were fined and imprisoned.

Mr. LAWRENCE, the American Minister, was in Dublin, where he was receiving great attention from the City Authorities and private individuals.

KOSSUTH has been expected in London up to 15th instant, but intelligence had been received that the French Authorities had *refused* to give him permission to pass through their territory from Marseilles! He therefore sailed direct for U. S. on the Mississippi.

The French authorities gave as a reason for their refusal that they acted in accordance with request of Austria and Russia.

Buffalo, October 16.

The failure of William G. Brown, reported yesterday, creates but little excitement. Some $60,000 or $70,000 of his paper will go back. It is not expected that there will be any losses in this State.

The trial of fourteen Irishmen, for murder and riot on the Erie Railroad, is expected to commence to-morrow.

ANOTHER SLAVE CASE.—A colored man named John Dunmore, was arrested on Thursday evening as a fugitive slave and tried before Commissioner McAllister. He was seized and tried the night. We understand he had no counsel, and that the doors and windows of the Commissioners office were closed while the examination was made. The reputed owner declared the man was not his slave, and he was accordingly released. The Commissioner made $5 only by this operation.—[Harrisburg Amer.

☞ Judge Horner, of Marquette co., gives notice in the *Mercury* "that in all cases in this Court, except cases of *suchoras*, 8 days' notice of trial before the commencement of the term, shall be given by the party seeking a trial, to the opposite party!" Will one of our lawyers be good enough to tell us what *sucheras* means.—*Green Bay Spectator.*

LARGEST LOAD OF THE SEASON.—Oct. 10. Steamer Atlantic arrived at 3½ o'clock, P. M., with 800 passengers; 346 were cabin. A large quantity of freight for Michigan, Illinois, Wisconsin and St. Louis, Mo.—*Detroit Advertiser*, 11th instant.

AHEAD YET.—We learn by a passenger, that the steamer *Mayflower*, won back her laurels a day or two since, on Lake Erie, having beaten both the Caspian and Buckeye into Cleveland, some fifteen miles, at which place she landed on this occasion.—[*Chicago Journal.*

☞ The Circuit Court commenced its session on Tuesday, the Hon. LEVI HUBBELL presiding. We understand that the number of cases on the docket is quite large and that the term will occupy two or three weeks.—[Madison Statesman.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every invalid woman who has suffered from female complaints will admit this to be the mournful truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and completely as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary Taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause.

J. B. TRIP & Co.

HINMANSVILLE, Oswego Co., May, 1848.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former, feel confident that it will effect a perfect cure.

Yours, very respectfully, S. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not trumpeted until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

VALUABLE REAL ESTATE AT AUCTION.

NOTICE IS HEREBY GIVEN, that the undersigned will sell at auction (unless previously sold at private sale) on Saturday, the first day of November next, at ten o'clock A. M., at the American House in the city of Milwaukee, the following tract of land, viz:—The east half of the northeast quarter of section eleven, town seven north of range sixteen east; containing eighty acres. And the north west quarter of the south east quarter of section ten, town seven, north of range sixteen east; containing forty acres.

This land lies in the extreme part of Jefferson County, about thirty-five miles from Milwaukee, five from the village of Summit, three from Oconomowoc, and 3 or 4 from the plank road; in a rich and truly beautiful farming country. The first named tract is one of the most beautiful eighties in the State, lying high and dry; it is well timbered, has 27 acres neatly cleared and fenced, a small block house, and is bounded on the south end by the Oconomowoc River. The other tract is partly dry marsh, and partly timbered land, with about eight acres cleared, and has on it a small log house, and an excellent Saw Mill, with cast iron gearing, all nearly new, which cost $1,600. This mill is erected upon the Oconomowoc River, has a plenty of water all the year, and the same dammed ample to drive a good Flouring Mill in addition, which is greatly needed in that section.

These two tracts lie upon opposite sides of the Oconomowoc River, from one-fourth to one-half a mile apart, and to any one wishing a neat farm and a mill property near, this sale affords a rare chance. These two tracts will be sold either separate or together. Sale positive, no adjournment, and terms made known at the time of sale. Persons disposed to purchase are especially requested to call and examine the property, and may bargain with Messrs. Spence, upon the premises, or with the undersigned at their office in the city of Milwaukee.

MILWAUKEE:::::WISCONSIN.

FEELING encouraged by the liberal patronage extended to us during the past six years, and appreciating the want in Wisconsin of an EXCLUSIVELY

DRY GOODS HOUSE,

where every article of DRY GOODS can be obtained, we have made arrangements for enlarging our business. Possessing facilities for purchasing in the EASTERN MARKETS that but few Western Jobbers have, and devoting ourselves

Exclusively to the Dry Goods Business,

we flatter ourselves that, with the long experience we have had in the trade, we shall be enabled to exhibit to purchasers a larger and better

Stock of Dry Goods

than has ever been brought to Wisconsin.

We PLEDGE ourselves to those merchants who feel disposed to give us a call, that we will sell our Goods as low as the same style can be bought in New York—adding transportation. We have now in store—

J. N. BONESTEEL'S NEW CHEAP CASH STORE!

THE attention of the public has already been called to that BEAUTIFUL STORE, corner of East Water and Michigan streets, known as the PHOENIX BUILDING, which magnificent apartment is now occupied by the undersigned, in order to keep pace with the times, and supply the many wants of his numerous customers, and is daily being filled with an immense stock of

Entirely New & Fashionable Cheap Goods,

Which, from his long experience in the trade, enables him to select with direct reference to the wants of his various customers. Having facilities at least equal to his competitors for purchasing Goods, he doubts not but that the QUALITY, STYLE and PRICE, coupled with unremitting exertions on his part, will enable him to SELL and gratify the wishes of all, offering, as formerly, to the

One Price Cash System,

Relying rather upon LARGE SALES and SMALL PROFITS, than the old and present system of too many, whose motto is the reverse. Those who are in want of

CHEAP FALL & WINTER GOODS,

AGENT FOR PITTSBURGH GLASS. oct2

PHILLIPS' UNITED STATES

Fire Annihilator Agency.

THE undersigned respectfully announces that he is the authorized Agent for the English Patentee for the disposal of PHILLIPS' FIRE ANNIHILATORS in the Counties of Milwaukee and Racine. His agency, based upon a certain proprietory interest in the Patent, will be conducted in connection with a company of operation, to be known as

"Phillips' United States Fire Annihilator Company."

Of which Hon. ELISHA WHITTLESEY, 1st Comptroller of the United States Treasury at Washington, is the President. Hon. JOHN M. CLAYTON, of Delaware, is Counsel for the Company, and P. T. BARNUM, Esq., General Manager and Secretary.

The prices of Machines and of Charges, are as follows:

SIZE OF MACHINE.	PRICE, INCLUDING ONE CHARGE.	PRICE OF EACH SPARE CHARGE.
No. 1	$10	$1 25
No. 2	20	1 75
No. 3	25	2 50
No. 4	30	3 00
No. 5	35	3 50

☞ Freight from New York added to the above prices.

The machines can be made to order of any size, at proportionate prices.

No. 1, (the smallest size,) is valuable for extinguishing fires in chimnies and small apartments.

No. 2 is used with effect in larger buildings, and at the outset of a fire, and has the advantage of being the most portable of the sizes deemed available for houses.

Nos. 3, 4 and 5, are the Hand Machines of greater power. No. 3 can be carried by a lady. Nos. 4 and 5 can only be handled, to advantage, by a man, and are preferable for large establishments, as they may be effectually used for street fires.

In addition to the Hand Machine, there are Street or District Annihilators, mounted upon wheels, and intended to be drawn by firemen in the usual manner. These machines are possessed of continuous power, and will emit, through a hose, a stream of vapor upon a burning building for any desirable length of time.

The Portable Machines are so simple in construction that they are not liable to get out of order, and their application is so easy that any person may effectually use them. The chemical charges may be preserved any length of time.—These Machines furnish an infallible protection against the destructive consequences of fire, as they are always ready for constant use, and contain within themselves the means of extinguishing accidental fires, as soon as discovered.

THE FIRE ANNIHILATOR is made to evolve a humid vapor, and to emit it with great expansive force, so as to penetrate into, to search out, and extinguish the fire. But, while the vapor emitted is destructive to fire, it is innoxious to life, and even tends to purify an atmosphere charged with smoke; nor does it injure the furniture or goods which may have escaped the action of the fire. And in this capacity the machines constitute the best fire escape, and the means of rescuing property from the flames the world has ever known; even the smallest machine, inadequate to the extension of a large fire, will enable the bearer to enter the flames and rescue life and property with perfect impunity.

The merits and practical utility of the Patent Fire Annihilator have been thoroughly tested, and are acknowledged by the most eminently scientific men, and the machines have been, by command, supplied to the Royal Palaces of Queen Victoria. The Crystal Palace of the World's Fair, the mansions of the Nobility, the principal Manufactories of Great Britain and France, Theaters, Churches, and other public edifices, as well as Steamboats, Shipping, &c., now have them in constant use.

One of the great advantages of this invention, will be the immediate reduction it must occasion in the Rates of Insurance; and the underwriters will at once perceive that their profits must be greatly enhanced by the extraordinary diminution of destruction effected at every conflagration.

On the 13th instant a Register will be opened at the office of the Company in Milwaukee, (due notice through the Press will be given of its location) for the reception of subscriptions for machines, and every person will be served in regular rotation, according to priority of application.—When sent by mail, the application will bear date with the day of depositing in the Post Office. The price of the machines, in all cases, to be paid at the time of subscribing, and seven per cent. interest will be allowed on any time (if any) that said money remains over 20 days before the order is supplied. In this arrangement, however, a priority will be given to all City Corporations, and proprietors of large manufactories, where great risk from fire exists, and wherever the premium required for insurance is high; also to these hotels, and large steamers, where many human lives are jeopardized. Every machine will be stamped with the name of the company; and as the company are determined to accommodate the whole public, by supplying machines, of the most durable materials, and chemical charges of the most approved manufacture, at the above reasonable prices, they will prosecute, to the whole extent of the law, all attempts to imitate, counterfeit, or infringe on said patent, as well as every person who may purchase and use such infringements. All importers of Foreign Machines, or those having them in possession, will be prosecuted.

Each machine will be stamped with the name of the county or city for which they are sold, and they can be used in no other locality without a written permission from the Agency. Nor can any purchaser of a machine possess the right to sell the same in any other town, unless he has purchased the territory where said machine is to be sold. Every purchaser of a machine will receive a certificate authorizing him to use the same in the town for which it is purchased.

The subscribers having, in connection with other members of the company, made the strictest investigation and experiments, and being perfectly convinced that this wonderful invention will accomplish all that is urged in its behalf, and thus become an indispensable article for every house, manufactory, ship or other place where fire is used or may be introduced, have accepted the above appointments, and are prepared to fulfill their duties to the public to the best of their ability.

ELISHA WHITTLESEY, Pres't.
P. T. BARNUM, GENERAL MANAGER.

Agent for the counties of Milwaukee & Racine.

TAKE NOTICE!

PATENT

BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used.

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of the Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O.; Neil House, American House, Capitol House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y.; New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. H. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1.25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common-sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others consists in the elasticity of the spring, the simplicity and durability of its construction, and what is of far greater importance, these Bed Bottoms are "Bug proof."

We feel, too, that for cheapness, it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

TO MANUFACTURERS, MILLERS Machinists, and Others,

PUTTING up or running Machinery, the BOSTON BELTING COMPANY offer for sale a full assortment of their unrivalled

Metallic or Vulcanized Rubber BELTING,

Steam Engine PACKING, HYDRANT, CONDUCTING & ENGINE HOSE.

The superiority of the Belting to Leather is acknowledged by all who have used it, for the following reasons:

1.—The perfect equality of width, and thickness, which it will retain.

2.—No degree of heat under 300° Fahrenheit injures it; it remains flexible in any degree of cold, and is NOT AFFECTED BY MOISTURE.

3.—It is of great strength and durability, will not stretch, does not slip on pullies, a gain of power is obtained, and when adjusted to machinery does not require alteration, as is the case with leather or any other.

4.—It is from 30 to 40 per cent. cheaper than leather.

The following certificate from a gentleman well known to this community, is appended:

STEAM MILLS, MILWAUKEE, December 14, 1850.

I certify that I have used the METALLIC RUBBER BELTING for the past three years, for driving a Smut Mill, running at a speed of about 700 revolutions per minute. It does not slip on the pullies—will not stretch, nor does it require alteration. I consider it preferable to leather, having used both. W. S. EASTON.

Certificates from all the principal Eastern Manufacturers, Millers, Machinists, &c. &c., can be seen at the Agency.

Furnished at given lengths, and sold at the Manufacturers' prices by WILLIAM BROWN, Jr.

Reed, whose term of service will expire on the first day of January next.

Members of Assembly and such county officers as are required by law then to be elected.

WILLIAM A. BARSTOW, Secretary of State.

Troy Fire Insurance Company

TROY, WALWORTH COUNTY, WIS.

CAPITAL $100,000.

The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued	960
Whole amount of Property insured	$625,651 00
Whole amount of Cash premium	5214 37
Whole amount of losses allowed and paid	371 27
Balance of Cash Premium on hand	4843 10

IT is gratifying to the Directors to state to the members of this Company, that the business has more than met their expectations, and is rapidly increasing. This unparalleled success in the commencement, and increase of business, show that our plan and management meets with the approval of the public.

The Charter and Bye-Laws are free from objections, and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmer's Department are on farm property, detached dwellings, country churches, school houses, tailors' shoemakers', and saddlers' shops. No hazardous risks will be taken in either department, nor more than $2000 in one risk, or in a circle of eight rods.

The company possess both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one-half the regular cash premium in full, without a premium note. Stoves may be added or changed, outbuildings erected, if fifty feet from dwelling, and such additions and repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays, in case fire, the full amount of damage, not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.

The rates charged by this company, though low, are based upon the actual results of insuring for the past twenty years and are found to be sufficient, with prudent management, to pay all losses and expenses without ever resorting to the premium notes; thus the rates on exposed dwellings and farm property, are a premium note of one per cent, and a cash premium of fifty cents on each $100 for five years.

In publishing our safe, cheap, and popular plan of insurance, we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery:—

The Washington County Mutual commenced in 1836, by collecting thirty cents on $100; in 1848 they first discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 50 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $9000 in the treasury, and 68 million at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.

The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington, and their report shows what the Washington is fast coming to. They reported to the Comptroller, Jan. 1, 1850, that their losses and cash expenses had exceeded their cash receipts twenty-nine thousand dollars, and fifteen thousand dollars claims unsettled, making debts and claims forty-four thousand dollars, and some thirty millions at risk, on which they will probably lose ninety thousand dollars more, making their actual debt one hundred and thirty-four thousand dollars.

The cash premiums now collected by these two companies on what they insure in future will only pay losses on the same, consequently those insuring with them now not only pay for their insurance, but assume a portion of these enormous debts, which must be raised by tax. These companies are unpopular in New York, and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. Arch Bishop and Lester Wilcox may publish, as heretofore, their firm belief that no tax will ever be necessary, but the figures are the things to judge from.

Since the above reports, the Montgomery have levied a tax on their premium notes.

Now we would ask the public candidly, which of these three companies it is to their interest to insure in; the Washington, and assume a debt of $191,000, the Montgomery, and assume a debt of $134,000, or of the Troy, with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax?

SHELDON'S
Waterproof
LEATHER POLISH!

Do you know that of all the articles manufactured in this city,

SHELDON'S OIL WATER PROOF POLISH

Is attracting the most universal admiration where it has been tested! We can produce testimony of the highest reputation, and are confident of yours, if you will but give it a fair trial.

It surpasses everything ever before offered to the World.

It gives a brilliant polish and is not washed off by Castile soap and water. It is easily applied, and will last as long as your Leather. Ladies commend it very highly for their own, and

MISSES SHOES AND RUBBERS.

Adding to a brilliant lustre the virtue of not soiling the whitest linen. For Gentlemen's

BOOTS, HARNESS, CARRIAGE TOPS,
TRUNKS, PATENT LEATHER AFTER WORN,
and Leather of every description.

It is susceptible of Oil to Leather, and not only keeps out water, but preserves the Leather, and keeps it from cracking.

KING'S EVIL—CASE OF O. M. LEONARD.—If the reader will [illegible] every physician within his reach, and [illegible] Guysott's Yellow Dock and Sarsaparilla, the cure is immediate: [illegible] Ulceration, or Falling of the Womb of five years [illegible] cured by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, after every other known remedy had been tried without relief.

Washington, Ohio, February, 1849.

This certifies that my wife, aged 27 years, has been suffering under the above complaint for 5 years—nearly all of that time confined to her bed. I have for 4 years constantly employed the best medical talent that could be procured in this section of the country; without any benefit whatever. I have also purchased every instrument recommended for the cure of such diseases, all of which proved useless.

In the spring of 1848, I was induced by my friends to try Guysott's Yellow Dock and Sarsaparilla, which was used 4 months. After she had used it for about 4 weeks, it was evident to all that she was improving, and from that time she improved rapidly, and gained flesh and strength, until the disease was entirely removed, and she is now enjoying most excellent health.

WM. MONTFORT.

We, being the neighbors of William and Julia Montfort, know that the above statement, as to the sickness of Mrs. Montfort, and as to the cure being effected by Dr. Guysott's Yellow Dock and Sarsaparilla, to be strictly true.

JANE EDDY.
SARAH POWERS.

Blooming Grove, Dec. 1, 1849.

MESSRS. S. F. BENNETT & CO.—Gents: Some time in 1843, I was attacked with King's Evil in my arm, which became so sore that I could not use it, and in 1845 mortification set in. I employed, at different times, each physician within my reach; all told me that my arm must be amputated. From the shoulder to the fore-arm, it was full of running sores—some of them as large as a fifty cent piece. I then tried an Indian doctor, who removed the mortified flesh, and stopped the mortification, but could not heal my arm. My strength at this time was completely exhausted, and my person much emaciated. I continued in this state until the summer of 1848, when I saw an advertisement of Guysott's Yellow Dock and Sarsaparilla, which I read attentively, and sent for one bottle of the article. After using it a few days, the discharges from my arm increased, and assumed a light color, and less offensive odor. I sent for a second bottle, and while using it found my strength increasing and the discharges from my arm decreasing. I continued using it until I had used six bottles, though I felt myself perfectly cured before I used the sixth bottle. Since that time I have not felt any pain in my arm; no sores have re-appeared, and I have every reason to think that it is thoroughly cured, for I can use it now as well as I ever could.

"Guysott's Yellow Dock and Sarsaparilla" alone cured me; I took no other remedy while using it, and had I in use at the first appearance of the malady, I fully believe it would have saved me five years of suffering. And I most sincerely recommend every person suffering under any similar disease, to use Guysott's Yellow Dock and Sarsaparilla, which will restore them to health.

Yours, in gratitude,
O. M. LEONARD.

PATENT MEDICINES,

Dr. Trasks Magnetic Ointment,

CAN now be obtained in this city of S. JOHNSON, Jr. and H. Bosworth & Sons, and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians, of the best standing, who have prescribed it, and from others who have been healed by it, we are satisfied that it will cure in some cases where no other known remedy will do it. Thus it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness, where the most eminent medical treatment had failed! For inflammatory Rheumatism, Burns, Freezes, Ulcerated sores, Scale head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.

☞ The attention of Physicians is respectfully called to a rigid scrutiny of the merits of this article.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German Physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined seventeen years since to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been continually employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidentially appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceeded his, have been cast aside as unworthy of the slightest notice?" Tho' it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting and administering his mixtures without charge, to patients pronounced incurable: and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla, Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at his time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of my medicine?

Louisville, May 29, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony Like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDALL, M. D.

Louisville, June 6, 1848.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

JAMES M. MOORE, M. D.

Winchester, Ky., Feb. 1, 1848.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY
FOR THE
INSTANT CURE OF PAIN.

RADWAY'S
READY RELIEF,

CURES THE WORST DISEASES IN MINUTES AND HOURS, AND STOPS THE MOST CRUEL PANGS IN SECONDS.

So quick and efficient is Radway's Ready Relief in stopping pain and curing disease, that it has frequently raised the diseased and hopeless invalid from a bed of sickness in a few hours. It has cured the worst pains of

RHEUMATISM,	In four hours.
NEURALGIA,	In twenty minutes
TIC DOLOREUX,	In ten minutes.
TOOTH-ACHE,	In three seconds.
SICK HEAD-ACHE,	In three seconds.
NERVOUS HEAD-ACHE,	In fifteen minutes.
SOUR STOMACH,	In five minutes.
HEART-BURN,	In five minutes.
BOWEL COMPLAINTS,	In thirty-five minutes.
CRAMPS and SPRAINS,	In twenty-five min's.
DIARRHŒA,	In one hour.
INFLAMMATION of the BOWELS	In thirty minutes.
LOCAL INFLAMMATIONS	In ten minutes.
INFLUENZA,	In twelve hours.
HOARSENESS,	In ten hours.

Special complaints, swellings, bruises, sore wounds, &c., it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.
HERE IS THE PROOF!

There is no other remedy that claims to subdue the excruciating pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is promised. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose that is taken or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 10,000 cases of Sick and Nervous Headache during the past season. In the Western states where this distressing complaint is so general, Radway's Ready Relief has cured every case where it has been applied. Our agent at Kenton, Michigan, writes: "Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headache, Weakness, Fainting Spells, and many of the worst cases in the incredible short time of 15 minutes. It is now surpassing every kind of Medicine we have here, in arresting pain and curing diseases of Nervous, Rheumatic, and of Billious type."

LADIES' BEDSIDE COMPANION.

Radway's Ready Relief, from its universal applicability for all Pains, Aches, and Complaints incident to this country, writes our agent at Rockford, Ill., is looked upon as a God-send. Our ladies will not even go to bed unless they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this safeguard in their pockets. It cures all Pains, and all Aches; Headache, Faceache, Toothache, Backache, Earache, Stomachache, Pain in the Limbs, in the Joints, the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly subdued by the use, either internally or externally, of Radway's Ready Relief.

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 679 Water-st., who was confined to his bed for nine months, who tried every Liniment, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr. Freely is now in good health. It cured a lady at Clifton, Va., so writes Ray Jones of that place, "In two hours, of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for Six Years, in twenty-four hours—so say the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doleroux, who has not been cured, we invite you to call upon us at our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED, VICTIMS OF NEURALGIA.

Radway's Ready Relief possesses a far more potent power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Nervine in use. It stops the pain quicker, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the snow flake. More powerful than all the Nervous Antidotes, mixtures of Sarsaparilla, &c., in use. Its first action is to blunt the acute sensibility of the nerves—to give strength, vigor and action to the nervous energy; to invigorate the functions and secretions of every organ in the system to a free and healthy action; to give a quickened action to the liver and tone to the stomach; to regulate the action of the bowels and secretions of the skin, and carry out of the system all morbid, poisonous and refuse humors; to give heat to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Ready Relief, taken internally three times per day, and by applying it externally when pain is present, will do all this.

MARRIED LADIES

Should make use of Radway's Ready Relief as a bath. Its invigorating and relaxing properties softens the flesh, gives strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a particular period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness time and again, in a few hours. Taken internally, it enables the patient to expectorate freely, removes all inflammation, swelling and irritation of Bronchical organs, and by bathing externally, the neck, throat and chest, it produces a quicker action to the skin, the patient perspires freely, it removes the pain from the throat and gives strength to the lungs

ERUPTIONS OF THE SKIN.

By adding a table spoonful of Relief to a table-spoonful of Olive Oil, it will stop the most painful itching of the skin in a few minutes, and entirely cures Salt Rheum, Ring Worm, Itch, Burns, Sores, Scalds, &c.

ELEGANT TOILET REQUISITES,
To Enhance and Embellish the Charms of Beauty.

RADWAY'S MEDICATED SOAP.

Radway's Medicated Soap, so favorably known through the fashionable world for its extremely bland, purifying and soothing effects on the skin; while by its action on the pores and the minute secretary vessels it expels all impurities from the surface, allays every tendency to inflammation, and effectually dissipates all redness, tan, pimples, spots, freckles, discoloration and other cutaneous eruptions. The radiant bloom it imparts to the cheek, the softness and delicacy which it induces of the hands and arms, its capability of soothing irritation and removing cutaneous defects, render it indispensable to every toilet.

Gentlemen after shaving will find it allays all irritation and tenderness of the skin, and renders it soft, smooth and pleasant.

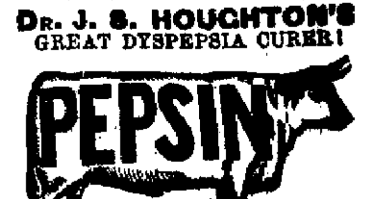
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!



THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ OBSERVE THIS.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly fit the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

Orders at WHOLESALE filled at the lowest New York manufacturing prices.

Planing Mill and Lumber Yards.

THE SUBSCRIBERS, having purchased the exclusive right of using

WOODWORTH'S PLAINING MACHINES,

in the county of Milwaukee, are now prepared to furnish from their own stock the best kinds of planed

Flooring, Siding and Ceiling,

as well as to execute orders from customers when desired. These machines are now used in all parts of the United States, and are admitted by general consent to be superior to all others in the quality of the work executed by them. Their Steam Mill is on West Water street, North Ward, near the Rail Road Depot, where they invite their friends to call and see the Machines in operation and inspect the superior quality of the work done by them.

They also keep at their Lumber Yards on Main street [illegible] (old stand) opposite the Red Warehouse, a full assortment of Lumber.

Sawed Timber, of all sizes and lengths, Long Joist and Scantling, Planed Lumber of all kinds, a superior article of sawed Shingles, Pickets, and Cedar Posts.

☞ The quality of their Clear Lumber this season is equal to any to be found in the City, and they would invite the attention of Carpenters and Builders to an inspection of it. They would also give notice that they are the exclusive agents for the sale of Rights (which all persons are cautioned against using without right, as such infringements will be legally noticed) to use the Woodworth Planing Machine for the State of Wisconsin.
